TELECOMMUNICATIONS SERVICES IN THE
STATE OF ARIZONA.

DOCKET NO. T-04251A-04-0257

DECISION NO. 68331

OPINION AND ORDER

DATE OF HEARING:

October 13, 2005

PLACE OF HEARING:

Phoenix, Arizona

ADMINISTRATIVE LAW JUDGE:

Yvette B. Kinsey

APPEARANCES:

Kristopher Twomey, on behalf of
CommPartners, LLC; and

David M. Ronald, Staff Attorney, Legal
Division, on behalf of the Utilities Division of
the Arizona Corporation Commission.

BY THE COMMISSION:

On April 5, 2004, CommPartners, LLC ("Applicant" or "CommPartners") submitted to the Arizona Corporation Commission ("Commission") an application for a Certificate of Convenience and Necessity ("Certificate") to provide facilities-based long distance and facilities-based local exchange telecommunications services within the State of Arizona. The application also petitioned the Commission for a determination that its proposed services should be classified as competitive.

On June 14, 2005, the Commission's Utilities Division Staff ("Staff") filed a Staff Report recommending approval of CommPartners's application subject to certain conditions.

On June 22, 2005, by Procedural Order, the matter was set for hearing to commence on August 11, 2005. The Procedural Order also set forth associated deadlines which ordered Applicant to publish notice of the hearing by July 11, 2005 and docket its Affidavit of Publication on or before July 29, 2005.

On August 11, 2005, the hearing was called by the Administrative Law Judge. Applicant appeared telephonically and Staff appeared and was represented by counsel. At the commencement of the hearing, it was noted that notice of the hearing had not been published pursuant to the Procedural Order. Accordingly, the matter was continued and the matter was reset for hearing.

On August 12, 2005, by Procedural Order, the matter was reset for hearing to commence on October 4, 2005.

On August 24, 2005, Staff filed a Request to Reschedule Hearing. Staff's request noted that Applicant had no objection to the continuance. Therefore, the matter was continued and was reset for hearing on October 13, 2005.

On September 23, 2005, Applicant published notice of the hearing in the *Arizona Republic*.

On October 13, 2005, a full public hearing was conducted before a duly authorized Administrative Law Judge. Applicant and Staff appeared through counsel. Both parties presented testimony and evidence in the matter. At the conclusion of the hearing, the Administrative Law Judge took the matter under advisement and informed the parties that a Recommended Opinion and Order would be prepared for the Commissioners' consideration.

Having considered the entire record herein and being fully advised in the premises, the Commission finds, concludes, and orders that:

FINDINGS OF FACT

1. CommPartners is incorporated under the laws of the State of Nevada and is authorized to transact business in Arizona.

2. Applicant has the technical and managerial capabilities to provide facilities-based long distance and facilities-based local telecommunications services.

3. According to Staff's Report, CommPartners provided an unaudited balance sheet for its parent company, CommPartners Holding Corporation, for a 12 month time period ending December 31, 2004, which list assets of \$13,610,831 and equity of \$11,984,946.

4. Staff's Report stated that CommPartners' original tariff showed that it collects

1 advances, deposits and/or prepayments from its customers.

2 5. Staff also recommends that proof of the performance bond be docketed within 365
3 days of the effective date of an Order in this matter or 30 days prior to the commencement of service,
4 whichever comes first and that the performance bond must remain in effect until further Order of the
5 Commission.

6 6. Applicant will be providing service in an area where an incumbent local exchange
7 carrier ("ILEC"), along with various competitive local exchange carriers ("CLECs") and
8 interexchange carriers are providing service.
9

10 7. It is appropriate to classify all of Applicant's authorized services as competitive.

11 8. Staff believes CommPartners has no market power and the reasonableness of its rates
12 will be evaluated in a market with numerous competitors. In light of the competitive market in which
13 Applicant will be providing services, Staff believes that the rates in Applicant's proposed tariffs for
14 its interexchange and local exchange services are just and reasonable, and recommends the
15 Commission approve them.
16

17 9. Staff's Report stated that Consumer Services showed no complaints filed against the
18 Applicant.

19 10. Staff recommends that CommPartners' application for a Certificate to provide
20 intrastate telecommunications services be granted subject to the following conditions:

21 (a) that CommPartners, unless it provides services solely through the use of its
22 own facilities, should procure an Interconnection Agreement before being
23 allowed to offer local exchange service. The Interconnection Agreement
24 should be procured within 365 days of the effective date of the Order in this
25 matter or 30 days prior to the provision of service, whichever comes first, and
26 must remain in effect until further Order of the Commission. If CommPartners
provides services solely through the use of its own facilities, no other
information shall be required once CommPartners informs the Commission of
that fact by submitting a letter to Docket Control Center under the same
timeframe and provision of service criteria as stated above;

27 (b) that CommPartners be ordered to file with the Commission, within 365 days of
28 the effective date of the Order in this matter or 30 days prior to the provision of
service, whichever comes first, its plan to have its customers' telephone

1 numbers included in the incumbent's Directories and Directory Assistance
2 databases;

3 (c) that CommPartners be ordered to pursue permanent number portability
4 arrangements with other LECs pursuant to Commission rules, federal laws and
5 federal rules;

6 (d) that CommPartners be ordered to abide by and participate in the AUSF
7 mechanism instituted in Decision No. 59623, dated April 24, 1996 (Docket
8 No. RT-00000E-95-0498);

9 (e) that CommPartners be ordered to abide by the quality of service standards that
10 were approved by the Commission for Qwest in Docket No. T-0151B-93-
11 0183;

12 (f) that in areas where it is the sole provider of local exchange service facilities,
13 CommPartners be ordered to provide customers with access to alternative
14 providers of service pursuant to the provisions of Commission rules, federal
15 laws and federal rules;

16 (g) that CommPartners be ordered to certify, through the 911 service provider in
17 the area in which it intends to provide service, that all issues associated with
18 the provision of 911 service have been resolved with the emergency service
19 providers within 365 days of an Order in this matter or 30 days prior to the
20 provision of service, whichever comes first, which certification must remain in
21 effect until further Order of the Commission;

22 (h) that CommPartners be ordered to abide by all the Commission decisions and
23 policies regarding CLASS services;

24 (i) that CommPartners be ordered to provide 2-PIC equal access;

25 (j) that CommPartners be required to notify the Commission immediately upon
26 changes to its name, address or telephone number;

27 (k) that CommPartners be ordered to comply with all Commission rules, orders,
28 and other requirements relevant to the provision of intrastate
telecommunications service;

(l) that CommPartners be ordered to maintain its accounts and records as required
by the Commission;

(m) that CommPartners be ordered to file with the Commission all financial and
other reports that the Commission may require, and in a form and at such times
as the Commission may designate;

(n) that CommPartners be ordered to maintain on file with the Commission all
current tariffs and rates, and any service standards that the Commission may
require;

(o) that CommPartners be ordered to cooperate with Commission investigations
including, but not limited to, customer complaints;

(p) that CommPartners be subject to the Commission's rules governing
interconnection and unbundling and the 1996 Telecommunications Act and the
rules promulgated thereunder. In the event that CommPartners provides

essential services or facilities that potential competitors need in order to provide their services to these providers on non-discriminatory terms and conditions pursuant to federal laws, federal rules, and state rules; and

- (q) that if CommPartners desires to discontinue service, it should be required to file an application with the Commission pursuant to A.A.C. R14-2-1107. If Applicant fails to meet this requirement it will result in forfeiture of Applicant's performance bond.

14. Staff further recommended that CommPartners' application become null and void without further order of the Commission and no time extensions granted if it does not comply with the following conditions:

- (a) That CommPartners be ordered to file conforming tariffs within 365 days from the date of an Order in this matter or 30 days prior to providing service, whichever occurs first and in accordance with the Decision;
- (b) In order to protect CommPartners' customers:
- (i) CommPartners should be ordered to procure a performance bond equal to \$200,000. The minimum bond amount of \$200,000 should be increased in increments of \$100,000 whenever the total amount of the advances, deposits and prepayments is within \$20,000 of the bond amount.
- (ii) Partners should docket proof of the performance bond within 365 days of the effective date of an Order in this matter or 30 days prior to the provision of service, whichever comes first, and must remain in effect until further Order of the Commission.

15. At the hearing, CommPartners agreed to provide its services in accordance with Staff's recommendations.

16. In its Staff Report, Staff stated that based on information obtained from the Applicant, it has determined that CommPartners' fair value rate base is zero, and is too small to be useful in setting rates. Staff further stated that in general, rates for competitive services are not set according to rate of return regulation, but are heavily influenced by the market. Staff recommended that while it considered the fair value rate base information, the fair value information provided by the company should not be given substantial weight in this analysis.

17. The rates to be ultimately charged by CommPartners will be heavily influenced by the market.

18. Staff stated that CommPartners lacks the market power to adversely affect the local exchange or interexchange service markets. Therefore, Staff recommended that CommPartners' proposed services be classified as competitive.

19. Staff's recommendations, as set forth herein, are reasonable.

20. CommPartners' fair value rate base is determined to be zero for purposes of this proceeding.

CONCLUSIONS OF LAW

Pursuant to Article XV of the Arizona Constitution as well as the Competitive Rules, it is just and reasonable and in the public interest for Applicant to establish rates and charges that are not less than the Applicant's total service long-run incremental costs of providing the competitive services approved herein.

9. Staff's recommendations, as set forth herein, are reasonable and should be adopted.

10. CommPartners' competitive rates, as set forth in its proposed tariffs, are just and reasonable and should be approved.
